PIXMA MP960 All-in-One Printer

Canon

advanced simplicity®

The definitive All-in-One photo solution.
Superior prints, copies and scans.

PIXMA

PIXMA – HOME PHOTOS HAVE NEVER BEEN THIS REAL

PIXMA is the direct result of Canon's expertise in print-head technology, photography and copying. Canon's new PIXMA range features FINE print-head technology which places microscopic ink droplets on the page with unparalleled accuracy and consistency. PIXMA delivers superior quality to your photographic and document printing with unsurpassed speed and reliability.

THE PERFECT WAY TO PRINT, COPY AND SCAN YOUR PHOTOS AT HOME

The MP960 All-in-One printer allows you to do so much, it's like having a mini-photo kiosk in your own home. Print direct from most memory cards, compatible digital cameras and mobile camera phones to produce outstanding quality photos. It boasts a 7 individual ink tank system that prints brilliant photos and razor sharp text documents every time. You can even create your own label designs and print them directly onto printable CDs and DVDs. Scan film negatives and slides to your PC or use the Photo Reprint function to print them on the spot. The MP960 also features a huge 3.5 inch colour TFT LCD screen making it easy to view and enhance your photos without using a computer. These features and many more make the stylish PIXMA MP960 the complete All-in-One photo solution.

OUTSTANDING PHOTO AND DOCUMENT PRINTING AT BLISTERING SPEEDS

- Features 7 individual ink tank system enabling 6 colour photo printing and razor sharp text printing.
- Ultra-sharp 1 picolitre FINE technology results in enhanced shading and precise detail for superb images.
- Produce high-definition photos and documents at up to 9600 x 2400 dpi.[1]
- Print a true-to-life, borderless 6" x 4" photo in approximately 35 seconds.[2]

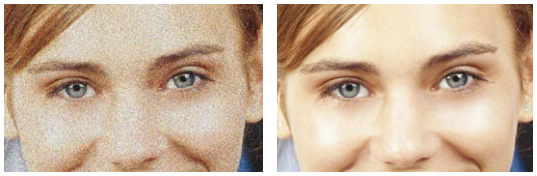

Image simulation

1 picolitre FINE technology eliminates graininess to produce razor-sharp images

DIRECT PHOTO PRINTING IN SO MANY WAYS – NO COMPUTER REQUIRED

- Print directly from compatible digital cameras using PictBridge technology, the industry standard for direct printing.[3]
- With Card Direct you can print your photos from compatible memory cards by selecting your images from the colour TFT LCD screen. You can also print a Photo Index Sheet to preview thumbnail images of the photos stored on your memory card and then select your favourites to print.[4]
- Print photos or stickers wirelessly from compatible mobile phones via infrared (IrDA) transmission (JPEG only). Or use the optional BU-20 adaptor to print via Bluetooth.
- The USB 2.0 Hi-Speed interface ensures fast data transfer, so you won't waste time waiting.[5]
- Features a 3.5 inch colour TFT LCD screen and easy-to-use operation panel which allows you to view, edit and enhance your images before you print them. Some exciting direct print editing features include Automatic Red-eye Correction and Face Brightener.
- Photo Reprint allows you to make reprints of photos, negatives and slides in just a few simple steps.
- You can even print an image from your memory card directly onto a printable CD or DVD.

PictBridge Direct Printing

Mobile Phone Printing

Huge 3.5 inch colour TFT LCD

MORE ADVANCED FEATURES

- The dual paper-path allows paper to be loaded from both the auto sheet-feeder (ASF) and front cassette, perfect for switching between plain and photographic paper without having to re-load each time.
- Reduce paper wastage with the convenient automatic duplex unit that allows quick and easy double-sided printing. You can also use automatic duplex and Canon's PAK-101 (optional Photo Album Kit) to create your own double-sided albums at home.

Automatic Duplex Printing

EASY-SCROLL WHEEL

New intuitive Easy-Scroll Wheel allows you to access all the various functions of an All-in-One printer, making it easy and fun for anyone to use. Simply glide your finger around the wheel to access setup (no manual required), copying, scanning, card direct printing and more.

HIGH SPEED, STAND-ALONE COPYING

- Features Dual Gamut Colour Processing technology for optimised copies and photo reprints.
- Copy up to 30 cpm black and 22 cpm colour.[2]
- Copy your favourite CD or DVD label onto a printable surface CD or DVD – no computer required.
- Automatically reduce 'see-through' effect when photocopying double-sided pages with the Auto Exposure function.
- Features Fade Correction Copy that allows you to revive your old photographs.
- With the 4-on-1 Copy feature you can minimise 4 A4 documents and copy them onto one A4 page, helping reduce paper wastage.

CD/DVD Label Copying

HIGH DEFINITION SCANNING

- Scans images at up to 4800 x 4800 dpi using CCD technology.
- Features aspheric ST (Super-Toric) lens system for reduced light distortion.
- Includes Film Adaptor Unit that allows you to scan up to 12 negatives or 8 mounted slides at a time.
- The scan-to-PDF feature allows you to scan an image or document directly into a PDF format.

Slide Scanning

Film Scanning

EASY-TO-USE SOFTWARE

- **Easy-PhotoPrint** is a user friendly application for printing out digital photos, retouching portraits and lab quality trimming.
- **Easy-WebPrint*** eliminates waste and frustration by automatically adjusting the size of a web page to ensure it fits on the sheet perfectly when you print.[6]
- **CD-LabelPrint** allows you to layout label designs and print them directly onto printable CDs and DVDs.
- **Other included software –** ArcSoft® PhotoStudio and ScanSoft® OmniPage® SE.

*Windows only.

TRUE-TO-LIFE PHOTOS THAT LAST A LIFETIME

A beautiful photograph is something worth keeping forever. Now with ChromaLife100, the photos you print at home can maintain all their vibrancy and colour for 100 years[7]. The combination of genuine Canon ChromaLife100 ink and selected Canon photo papers lets you print long-lasting photos of unrivalled quality. Thanks to ChromaLife100, the precious memories in your albums will still be bright and fresh a century from now.

PRINT SPEED GUIDES

† Black Text A4

†† Text & Colour Graphics A4

††† Photo 6" x 4"

* Ink yield calculation is based on printing Canon 24 standard digital images on Photo Paper Plus Glossy (6" x 4" borderless print) with default settings in Windows XP driver. The figure above is an average value, measured when printing continuously using the ink immediately after it is unsealed, until the ink is out. Ink yield may vary depending on photos printed, applications software used, print mode and type of paper used. This should be used as a guide only and does not take into account ink that might be used for head cleaning or head refreshing to maintain printer performance. Please visit our website for further details.

1. Ink droplets can be placed with a pitch of 1/9600 inch at minimum.
2. Print and copy speed dependent on system configuration, image/document complexity, type of paper used, software, print mode and does not take into account data processing time on host computer.
3. PictBridge camera direct printing requires PictBridge compatible digital cameras in order to function. Check with your digital camera manufacturer or users guide to determine PictBridge compatibility.
4. Compatible memory cards include CompactFlash,® Microdrive, SmartMedia,® Memory Stick,® Memory Stick PRO,™ SD Card™ and MultimediaCard® (v3.31). Note: xD-Picture Card,™ Memory Stick Duo,™ Memory Stick Pro Duo,™ miniSD Card and RS-MMC™ (v3.31) can only be used with the addition of a special adaptor sold separately – ask your memory card supplier.
5. USB 2.0 Hi-Speed performance requires Windows XP with Service Pack 1 or Windows 2000 with Service Pack 4 with pre-installed USB 2.0 Hi-Speed port.
6. Easy-WebPrint requires Microsoft Internet Explorer version 5.5, version 6.0 recommended.
7. Up to 100 Years' Life in a Photo Album when printed with ChromaLife100 ink on selected Canon photo papers. Kept in a photo album, shut out light and air (gas), temperature 23 degrees and 50% humidity. Predicted value from the accelerated test. Result may vary based on individual environmental factors. For more information, please visit canon.com.au/ChromaLife100.

All specifications may change without notice.

3-YEAR WARRANTY OPTION

The 1 year warranty can be upgraded to 3 years for a minimal cost and is backed by Canon's Customer Care Info-Line support. Driver updates and Technical Support are also available from our websites – canon.com.au or canon.co.nz
